To Whom It May Concern,

The South Carolina Soybean Board (SCSB) is soliciting proposals that may benefit South Carolina soybean farmers and/or the soybean industry in the state. Proposals should be completed using the following provided templates. Be sure to read all fine print on each template, ensuring that all the applicable questions are addressed, and the document formatting is accurate.

Proposals are due by **Tuesday, April 14, 2026**, and should be submitted via email to SoybeanCheckoff@sccornandsoy.org. Only one file per proposal should be uploaded or submitted.

Funding requests should only be for one (1) year, with work being completed from July 1, 2026 – June 30, 2027. Quarterly reports will be submitted via email to SoybeanCheckoff@sccornandsoy.org. Prior to submission, reports should be saved as a pdf document using the following naming convention; 2026Date(2026MMDD)_(PI Last Name)_(Abbreviated Project Title)_FN/POP. For further clarification, please see the note on the bottom of page two of the “SC_Soybean_Proposal_Template_2026” file provided.

Researchers or project managers are asked to acknowledge funding from farmer assessment dollars as often as possible, including at field days, in publications, and so on. Funding decisions will be made at the discretion of the farmer-led SC Soybean Board. If a project is approved by the Board, a research or project agreement will need to be developed or updated acceptable to both parties.

The Board will consider proposals **on Tuesday, April 21, 2026, at 10:00am** in Columbia, SC. Those submitting proposals will be notified no later than Thursday, April 16, 2026, if the board would like to hear an in-person or Zoom presentation regarding the proposal. Each institution that received funding from the South Carolina Soybean Board for projects in 2025 will also be expected to give a brief project summary report. ***A concise, written final project summary should also be submitted by Tuesday, April 14, 2026. Reports should be written using the provided template – SC_Soybean_Final_Template. Summaries should be written in a way that is easy for our farmer audience to understand and apply.*** Summaries should be saved as a pdf document.

On behalf of the South Carolina Soybean Board, I would like to thank you and your teams for your service to the South Carolina soybean industry and its farmers. If you have any questions, please feel free to contact me by phone at 803-422-7889 or by email at Bennett@SCCornandSoy.org

Best Regards,

Bennett C. Harrelson
